(Senate Minority Leader)

Dear Legislator:

I ask you to vote to protect our vulnerable neighbors in Washington from even more devastating budget cuts this session. It is unconscionable to balance our state’s budget by slashing our safety net and the vital public services that hundreds of thousands of children and adults in Washington rely upon. **I urge you and your colleagues to secure new revenues through multiple options.** As leaders, you must find ways to **create a fairer, more stable tax system, and respond to the urgent needs of children, people who are disabled and elderly, and people who are homeless and poor.** Please ensure safety, health, and security for all:

**FUND SAFETY NET PROGRAMS:** We cannot sustain further cuts. Preserve TANF and HEN/DL.  
**INCREASE HOUSING and JOBS:** Invest in the Housing Trust Fund via a capital bonds jobs package. The Trust Fund creates homes, jobs, and local income and revenue, and leverages \$5.50 for every \$1 spent.  
**PREVENT YOUTH HOMELESSNESS:** Extend foster care services to 21 years old (HB 2592).  
**PASS the FAIR TENANT SCREENING ACT:** Pass HB 2642 / SB 6315 and HB 2564 / SB 6321.  
**SECURE Document Recording Fees to FIGHT HOMELESSNESS:** Pass HB 2048 / SB 5952.

Thank you for working and voting to protect and house the people of Washington.

Signed, \_\_\_\_\_
